TPI Concrete Roof Tiles

Photos taken at Pisan Village [Bang Kradi district]

ME Series

TPI Concrete Roof Tiles 

- Coated with TPI Nano Super Armor Colors, which enhances the colors, endurance and longevity of the roof.
- Highest quality cement from TPI Certified ASTM C-150 and TIS.15 1-2547, increasing the strength and durability of the tiles.
- Made of high density lime stones with fine edges that enhance the glossiness, structural stability and durability of the tiles. Reducing the probability of splitting and cracking.
- Leakage problems are eliminated with 3 levels plus extra deep side leakage prevention along the tiles.

Product Details

Size	33×42	Centimeters
Minimum Roof Slope	17	Degrees
Maximum Roof Slope	40	Degrees
Purlin Gap	32 - 34	Centimeters
Width After Overlap	30	Centimeters
Quantity	10 - 11	pcs./sq.m.
Weight	4.2	kgs./pc.
