# TPI Polene Greening Construction Materials Products

**Another Milestone 1 June 2023** 

Major Push for Green Cement and Building Materials

### Green Cement (Low CO<sub>2</sub> Emission)

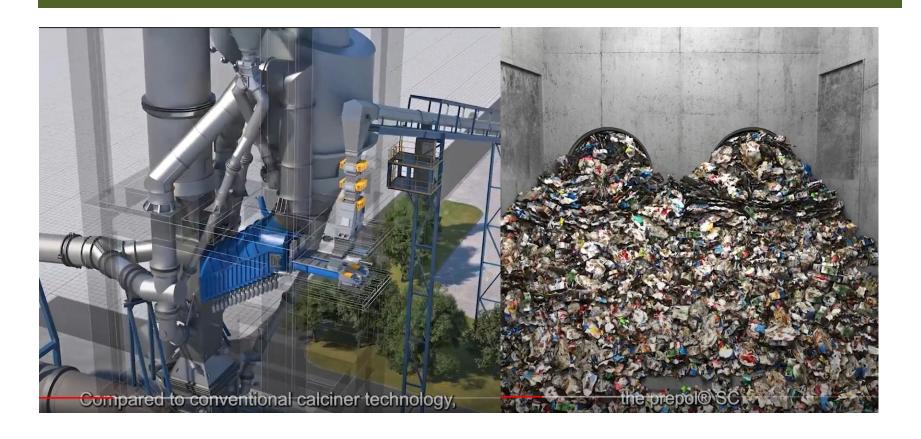

# Conveyor Belt – Quarry to Facility

Linked quarry to production facility via conveyor belt saving 3.03m litres of diesel per year, and produce 1.07m kWh of electricity.

### **MSW In Calciners**
